

# 4,934 vs 1,321

No, that isn't the score of some sporting event. That is the count of my spam comments vs. my accepted comments (as of 11:17 pm on Jul 22 2009). A spam count of 5,284 would be 4x. I'm glad the new filter is in place, and I don't have to delete all the spam by hand anymore.

For a while, I was wondering if I was actually blocking good comments with the vast number of spam messages that are received in a day. I did notice that I am getting a lot of 'over seas' visitors to my little blog. Some are actually visiting, some just go to the same posts over and over again. Kind of messes up with my keeping track of what is interesting to people.

Don't worry about me, I'm just on a numbers kick this evening. This is the second time today I was having fun with numbers.
