

# They have an app for that

This is my first attempt at using the WordPress app to blog from my phone. The entry is tedious for a touch type. I haven't used the hunt and peck method for anything more than a few words in a very long time. /p

If I had found this before my trip to Cincinnati, I could have blogged during my down time. Never again will I miss a blogging opportunity. ;)/p

Not really, but I needed to try the tech. The nerd in me demands it. I also loaded the nook app, so I will rarely be without a book to read. Nerdy summer fun./p
