

Kermit, Fozzy and the rest of the gang

For the last 3 years, Muppet Show has been releasing full seasons of there show. Last Tuesday they released Season 3. I have yet to watch it, but I will. While the show was on during the late 70s and early 80's, I used to watch these show in reruns with my wife. They were a favorite show of ours. Sometime in the 90's the Best of the Muppets were released on DVD's. We were able to enjoy them again. Not all the shows were released. I have seen some of my favorites in season 1 and 2. I hope there will be more favorites in season 3.

Watching the Muppets now bring me a good feeling. This was not always the case. I'm glad that the first season came out when it did. Any earlier, I would never have been able to watch the first season, I would have skipped over that DVD in the store, and then probably wouldn't have picked up seasons 2 and 3. Sometimes things happen at just the right time. They came out the time I needed them. After I watch of few, I'll get into all the things we liked about them Muppets. Right now it is a time of quite reflection for me.
