

Conserva-pups

I had a little laugh out of these videos. Now let's all forget about that dog-training stuff we all have read about or seen on Animal Planet and the like, and just imagine these dogs are as conservative as their humans. ☐

Okay, I tried to get you to suspend disbelief for a moment- did it work? Anyway, one of these videos has a definite giveaway on the training- can you find it? The other one I'm guessing is happening off-camera unless I missed it.
