

# Three Is A Magic Number?

Today, I have had three very strange occurrences involving the same numbers. I was called downstairs at 8 o'clock to be asked if I had to be at work ("No, not until 12"). At 9, I received a phone call informing that our manager goofed and really meant for me to be there at 8 (a good thing I was ready to go). At 9:19 precisely, I clocked in. A few minutes later, I waited on a customer whose purchases totaled \$9.19. The very next customer had a completely different set of items and her total came to \$9.19. Now if something strange happens at 9:19 this evening, I will know that I have stepped into ["The Twilight Zone."](#)
