

Finally, a Walking Baby!

She finally did it! Tonight was Disney's first serious attempt at walking! Well, she has tried before, but tonight she was doing it over and over, 5 steps or more at a time! I tried to get it on video, but as soon as I took out the camera, she got all distracted and started crawling toward the camera saying "cheese, cheese" – it was really cute, but I had to put the camera away and get back to walking! It's like she knew the deadline was nearing, because we have a Dr. appointment on Monday just because the Dr. wants to make sure she's walking – she was really surprised she wasn't walking at her 15 month appointment so she asked to see her again in a month to make sure... Now she has until Monday to practice, and her sisters are a big help with that! Since tomorrow is her 16 month birthday, I was wondering, how late is she? Beyond average, I know, but I'm curious about how late kids start walking... let me know if you know of any lazy late walkers – it's kind of like a poll, let's see the latest we can find, hope it's not Disney though ☐
