

Potty Humor

I had to share this funny little story because something our almost 5-year-old daughter Sammie said the other day had my husband and I in stitches. She calls out from the bathroom – “Dad! I have to go poop but I can’t... Oh, nevermind!”

Hmmm, now that I’m reading it, it’s not quite as funny. I guess you had to hear her little 4-year-old voice call it out. Kids are so adorable with their bluntness. And I’m just glad that Sammie was able to solve her own problem!
