

Engaged

My boyfriend has asked me to marry him and it was in a way that totally surprised me. He took me to George Bible Park and handed me a lightsaber. We started to fight and after killing him many times, my friend Monica and her boyfriend, Jesse, came at us from both sides of the bridge we were on. I went after Monica and killed her, along with Jesse. As I was killing Jesse, Tony asked me to marry him! I cannot believe that it has happened, but I'm not going to say it was a bad thing. I couldn't be any happier at the moment.
