

Cutest Puppy In The World

After almost a week of having our new puppy, I finally got him to hold still long enough for some adorable pictures – enjoy!

Gizmo will follow me up the stairs, but then he gets overwhelmed and can't go up or down! My 19-month-old son gave him a hug to comfort him; how cute is that?!?

This is Gizmo and my daughter Disney - our friend gave us a cute little blue sweater for him, so now he doesn't shiver quite so much when

he goes outside!

He wants so badly to be able to jump up on the couch, but he's not big enough yet. Won't be long; we can notice that he is growing bigger EVERY single day!!
