

Pass the pepper please...

The title of this article just got to me. For some reason it just tickled my sense of humor.

...[NASA Sticks a Fork in Mars](#), I hope they remembered the knife and spoon.

Anyway, I do like the work the landers and orbiters are doing on Mars. In the past few years, we've learned a lot about the next planet out. I'll keep on looking for updates on what exactly this probe finds, so I can make a comment or two on that.
