

RELIEF

For anyone out there who has been following our plight through my husband's medical issues, we have good news! Here is a copy of the email I sent to our friends and family:

Hi everyone,

Chris had his medical tests today and they went well. They didn't find anything horrible – just some inflammation in the stomach and esophagus. The dr prescribed some medication that will hopefully take his pain away soon. They did take a sample to send for biopsy looking for any cell abnormality, but we won't find anything out from that for about 2 weeks; they don't expect that they will find anything abnormal. Thank you so much for all your thoughts and prayers and support while we were going through this – we really appreciate it and love all of you. We can't ask for better friends or family! Thank you so much!

Love,

Lisa
