

Shortest Movie Review Ever

Just watched Fight Club – one of the worst movies I have ever seen. I can't believe we wasted over 2 hours of kid-less time on this piece of you-know-what.

The people who voted (yes, all 357,160 of them) for this on imdb.com to give it an 8.8 out of 10 and made it #16 of their top 250 movies of all time should be ashamed – makes me hesitate to be advised by any of their ratings in the future.

I am not going to waste any more of my time writing or thinking about this movie.
