

Cold

It's a strange sensation; something I haven't experienced for about a year. Last winter I was pregnant, and due to the fact that pregnant women have 2/3 more blood coursing through their bodies than non-pregnant people, they rarely get cold. Then I had the baby in the middle of summer, went to Florida, and now that we're back in NW Ohio, it's cold! The older I get, the more I dislike the cold weather. Not only do I dislike bundling everyone up, including myself, but I especially dislike the winter gas bills. We have a humongous furnace that increases our gas bill by 144% in the winter months, which is why I opt to freeze a few months out of the year. I just can't bring myself to turn on that huge furnace for the season yet. Every year when we get our first winter-sized gas bill, we vow to winterize the house and we talk about getting a new furnace, but somehow, we never get around to doing anything. Maybe this year will be different, but in the meantime, I'm going to try to hold out until at least November 1. Maybe I should check the weather forecast before I say that...
