

Will your child graduate?

The answer we all want for this question is of course a resounding yes (I hope :P). However, if you live in an urban environment the statistics show that his or her chances are lower than if they live in the surrounding suburbs, at least for most of the 50 largest cities. Chicago, for example, has a 55.7% graduation rate while the Chicago suburbs are at 84.1%. Two Ohio cities have more drastic statistics with Cleveland at 42.2% vs. 78.1% and Columbus being 40.9% vs. 82.9%, and Baltimore, Md. has the largest gap at 34.6% vs. 81.5% for its suburbs! However, at the other end of the scale your child is about 10% more likely to graduate in the city of Colorado Springs (83.7%) than its surrounding suburbs (73.5%).
