Poor Paul The Psychic Octopus

No play on words necessary for this blog post — there really was a Psychic Octopus named Paul who lived in Germany, and he recently passed away at the ripe old age (for an octopus) of $2\frac{1}{2}$ years.

In his lifetime, however short is seems to us humans, <u>Paul made himself famous</u> with his uncanny ability to predict World Cup game winners correctly! Before games, Paul would receive 2 boxes of mussels, one each with a flag of the countries of the two teams who would be facing off in the World Cup. The country whose box was eaten out of by <u>Paul first</u> was declared Paul's pick as the winner of that match, and he predicted correctly an astounding 100% of the time (8/8) for his World Cup predictions, and 86% (12/14) overall.
