

I'm going green

Ok, I think I should stop reading the news... I found [this](#) on people doing extreme recycling.

I'm all for getting by with less and taking my bottles and cans to the recycling center. I've seen how big Mt. Trashmore is getting just down the road from where I live. But taking old food out of dumpsters?!! Man, you have to draw the line somewhere don't you? This just hit me wrong. I know people throw out a bunch of stuff that is still good, but once it is in the dumpster, ya just got to leave it there. Don't you?

Maybe not... Hmm... There is a small gathering of friends this weekend. Maybe I can check the trash behind the local markets and restaurants to see what is available... Anybody else want to go extremely green?
