

How long does it take to open a road?

Since early this summer, the powers that be have been building an extension on the street where I work. The paving appeared to have been finished late last week. I thought that the road would be open early this week at this week. I'm looking forward to it, since it will cut off 2 miles from my daily trip to work. On top of that it will be one less light. I'm still waiting.

It could be that they are waiting to paint the lines on the road. This would be easier to do on a closed road. I can understand that. This week has not been the best for paint. Cool/cold and rainy most of the week. Maybe next week. I know it won't be tomorrow, the road crews don't seem to work on Fridays.
