

Fun With Animals

Came across a few really cute animal-themed emails lately, so I thought I'd share. The first one is for people who don't have a dog or just have a very disobedient one. Enter a command in the text box and the cute doggie will do it. Try 'kiss'.

Then there's this video, which features the winning combo of a baby and a dog, awww... [Click here](#) to see "Childproof Drawer".

Finally, I got these really cute pictures in an email a few weeks ago... Seems a mommy tiger lost her cubs and "adopted" these piglets to take care of. See the 'pork chops':
